BRIDGE - 7 Bridge Conventions

Age: 18 & up

Of the hundreds of conventions used in bridge there are only seven that are used so frequently that every bridge player must know them - whether they play them with their partner or not. Stayman, Jacoby Transfers, Ace Asking (Blackwood & Gerber), Negative Doubles, and the weak twos which carry with them the two club monster bid are used and misused at every bridge Session you attend. The misuse usually comes from the rebid after the convention was initiated. This is what we will concentrate on in these Sessions using discussion and play of hands to reinforce the learning. You do not need a partner to attend, but what better way to win more frequently at the bridge table. 6 Classes Min/Max: 3/24

Libretto by W.S. Gilbert Music by Arthur Sullivan

Gilbert and Sullivan are the undisputed masters of comic operetta and the proud parents of the modern musical. That their works are more in demand today than when they were created over a century ago is ample proof of their lasting brilliance. The hapless lovers in **THE MIKADO** are mercilessly buffeted by social restrictions, legal inconsistencies, judicial inequities, government stupidities, and that's just the first act! Poor dears - it would be absolutely tragic if it weren't so hysterically funny.

A rare combination of unprecedented originality and blinding talent, **The Drowsy Chaperone** boldly addresses a great unspoken desire in all of our hearts: to be entertained.

With the houselights down, a man in a chair appears on stage and he puts on his favorite record: the cast recording of a fictitious 1928 musical. The recording comes to life and **The Drowsy Chaperone** begins, as the man in the chair looks on. Mix in two lovers on the eve of their wedding, a bumbling best man, a desperate theatre producer, a not so bright hostess, two gangsters posing as pastry chefs, a misguided Don Juan and an intoxicated chaperone, and you've got a show soup dense with delicious delight!

Oliver Productions, Ltd. and Oliver Promotions, Ltd.

Nothing works on the stage like a well-crafted tale, and **Oliver!** is just such a show. Based on the Dickens novel (**Oliver Twist**), it will engage audience members with its pathos and drama, while delighting everyone with its outstanding musical numbers. Lionel Bart, who wrote the book and score of this 1960 musical, kept to the lighter side of **Oliver Twist**. He simplified Dickens's elaborate story line and brightened his seedy characters, most notably revamping the villainous figure of Fagin into a lovable rogue. After a half-century of airplay (and a 1968 film), the melodic score's hits are stamped into many people's memories. Dickens' characters are brought to life with all their facets glowing in this production.

COFFEE WITH THE CHIEF

Chief of Police Robert Lowen cordially invites you to attend his monthly "Coffee with the Chief" open house to share a cup of coffee and let him know what's on your mind. The informal get-togethers are held the second Monday of every month from 7:00 p.m. to 8:30 p.m. in the Training Room at the Police Department located at 656 Lake Avenue.

Chief Lowen is eager to answer any questions you may have or discuss specific concerns impacting your quality of life in our Community. In addition to Chief Lowen, there is often a guest speaker who speaks briefly about his or her job experiences as they relate to the Police Department or the City, or someone from an outside agency or organization that Chief Lowen feels would be of interest to or beneficial to "coffee" attendees. Recent speakers have included: McHenry County Coroner Anne L. Majewski, M.D.; Woodstock Public Works Director Paul Ruscko; and Woodstock Police Officer Sharon Freund.

In addition, each of the City's four beats is highlighted individually at least once per year when Chief Lowen devotes an entire meeting to one specific beat. This gives residents of that beat an opportunity to meet and talk in person with one of their assigned Permanent Beat Officers.

If you have a topic you would like Chief Lowen to consider for "Coffee with the Chief," please contact Administrative Office Manager Tamara Reed with your suggestions at 815-338-6787 or at treed@woodstockil.gov.

WHO IS YOUR POLICE BEAT OFFICER?

The Police Department has divided the City of Woodstock into four geographical areas for its Permanent Beat Officer Program. These areas, or police beats, have Officers assigned to them on an annual basis. The program allows Officers to get to know their individual beat and the residents who live and work there and to become familiar with the problems and concerns specific to that area. Officers have been trained in various Community Policing and Problem Solving Policing concepts and strive to work with the residents of their police beat for safety, service and problem resolution.

Some of the projects that the Permanent Beat Officers continue to work on include: gang graffiti eradication; parking enforcement in and around the Square; dog owners and leash laws; youth riding bicycles and skateboards on the Square; and analyzing traffic crash data on Route 47 to identify problem areas.

Residents may contact their beat Officers at any time by phone (815-338-2131); mail (656 Lake Avenue) or email (either use the first initial of your Officer's first name and his entire last name plus @woodstockil.gov or direct it to your specific beat number as in PBO21@woodstockil.gov.)

Beat 21 Officers are Michael Niedzwiecki (M), William Lintner (D) and Fred Eiselstein (A). Beat 22 Officers are Kevin Tietz (M), Joshua Rapacz (D) and Adam Schraw (A). Beat 23 Officers are Daniel Henry (M), Richard Dolan (D) and Sharon Freund (A). Beat 24 Officers are Brett Muehlfelt (M), Cory Fink (D) and Sandra Valle (A).

M = Midnight Shift 12:01 A.M. to 8:30 A.M.

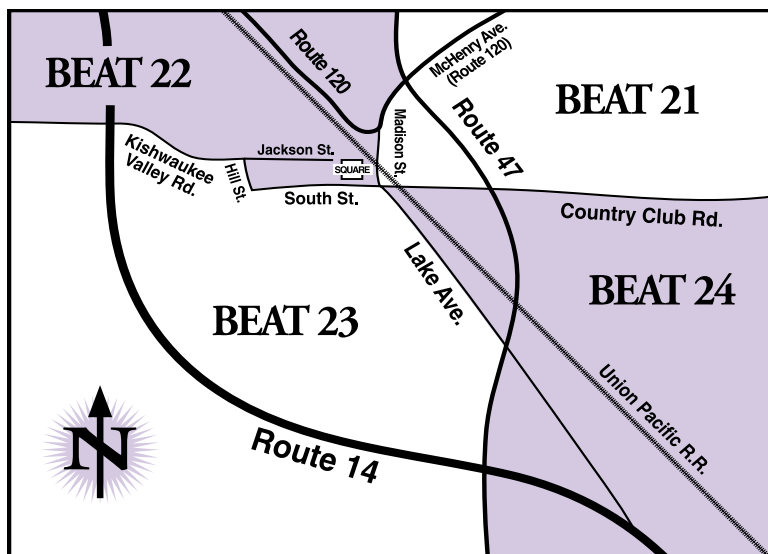

D = Day Shift 8:00 A.M. to 4:30 P.M.

A = Afternoon Shift 4:00 P.M. to 12:30 A.M.

Chief Lowen has also assigned a specific Patrol Sergeant to each beat to better coordinate the efforts of the Permanent Beat Officers. They are as follows:

BEAT 21	SERGEANT ROBERT PRITCHARD
BEAT 22	SERGEANT DANIEL LATHAM
BEAT 23	SERGEANT JOSHUA FOURDYCE
BEAT 24	SERGEANT CONSTANTINO CIPOLLA

For questions regarding the Permanent Beat Officer Program, please contact Deputy Chief John Lieb at 815-338-6787 or at jlieb@woodstockil.gov.

BE PREPARED FOR HALLOWEEN

Halloween can be a fun and exciting time for children, but it can also be a frightful time for parents. To help ensure everyone has a fun and festive Halloween, the Woodstock Police Department offers the following safety tips:

FOR HOMEOWNERS:

- Make certain that your yard and sidewalk are clear of obstacles or decorations that may be hard to see in the dark.
- Keep your house well lighted both inside and outside.
- Don't wait to report any suspicious or criminal activity to the police department.

FOR TRICK-OR-TREATERS:

- Try to make use of facial makeup instead of masks, as they may obstruct one's vision.
- Keep costumes short to prevent the wearer from easily tripping.
- Wear brightly colored costumes or attach reflective strips to costumes and bags. Also, carry a flashlight or glow stick once it gets dark out.
- Watch out for cars and be careful around jack o'lanterns or other decorations with burning candles.
- Visit homes in your neighborhood that you are familiar with.
- Always let your parents inspect your candy before you eat it and dispose of any item with a torn wrapper or that you are suspicious of. When in doubt - throw it out!

The recommended hours for trick or treating in the City of Woodstock are 4-7 p.m. on Friday, October 31, 2014.

SENIOR CITIZEN CALL-IN PROGRAM

It is understood that many Senior Citizens within our Community live alone without the benefit of a local family member to check on them frequently. In an effort to provide peace-of-mind and a sense of well-being for our Community's Seniors, the Police Department offers the Senior Citizen Call-In Program.

To be eligible to participate in the program:

1. A person must be sixty-five (65) years of age or older.
2. A person must live alone in a single-family residence (which includes townhomes, apartments and condominiums) which is not part of any senior citizen facility, senior citizen assistance organization or any other organized assisted living program or situation.
3. A person who has no immediate family residing within McHenry County, Illinois.

Those eligible to enroll in the program will need to complete a simple and confidential one-page application form as well as executing a waiver form. Senior Citizens interested in obtaining an application to be considered for participation in the program are encouraged to contact Administrative Office Manager Tamara Reed at 815-338-6787 during the hours of 8:30 a.m. to 5:00 p.m. Monday through Friday.

BACK TO SCHOOL TIME!

Just a reminder to everyone that District # 200 classes began on Thursday, August 14, 2014 with Marian Central Catholic High School and St. Mary Catholic School having started the following week. While driving please be alert to the additional pedestrian traffic as children walk to and from school each day. Illinois law requires drivers to stop and yield to pedestrians in crosswalks. Remember to obey the 20 M.P.H. speed limits in designated school zones. In addition, be alert to school bus stop arms and warning lights indicating that the bus is loading or unloading students. No vehicle may overtake or pass a school bus with the stop arm extended.

Also important to remember is the January 1, 2010 Illinois law prohibiting all hand held cell phone use while driving in a school zone.

The Police Department will have extra patrol assigned around the schools initially to help ensure safety while everyone becomes accustomed to school being open again. PLEASE DRIVE CAREFULLY!

Economic Development Updates:

New Sherwin-Williams store under construction on Rte. 47.

In May the City welcomed **Joe Napolitano** as new **Economic Development Coordinator**. Joe is busy putting his extensive experience in municipal economic development to work for Woodstock. If you are a business owner looking to relocate or expand give Joe a call at 815-338-4305.

Woodstock will soon welcome a new free-standing **Sherwin-Williams paint and decorating store** to the South Eastwood (Rte. 47) corridor. The new store will occupy the vacant parcel to the south of the Burger King restaurant and has been a target for development by the City.

This year Woodstock also welcomed its first

franchised frozen yogurt outlet to the Woodstock Square. **Yofresh Yogurt Café** has been wowing locals and visitor alike to their storefront at 124 Cass St. with an extensive selection of frozen yogurt flavors and toppings.

In May **Classic Cinemas** celebrated the grand opening of the newly renovated and expanded Woodstock Theatre on Main St. The approximately year and a half, \$5 million construction project resulted in an eight auditorium state-of-the-art movie complex in downtown Woodstock. Classic Cinemas went the extra step and restored the dome ceiling in the original theatre auditorium as well as creating an attractive streetscape façade to blend with the surrounding downtown architecture.

Yofresh Yogurt Café opens on the Square.

Completed Woodstock Theatre façade with architectural elements. Previously existing theatre building and marquee is on the far left.

Dome of the Old McHenry County Courthouse Shines Again

The scaffolding has been taken down and the dome of the Old McHenry County Courthouse is once again a striking icon on the historic Woodstock Square. The extensive renovation and restoration of the 1857 cupola has resulted in a spectacular copper-clad dome with a complimenting paint scheme highlighting the architectural detail of the supporting structure. The virtually maintenance-free dome is highlighted with a crown-like crenellation similar to one that adorned the top of the dome in early historic photos.

Restoration work now continues on the roof structure. Late summer will see the complete tear-off of the existing roof material and replacement of wood substructure as needed. The roof will then be covered in copper as well. The standing seam copper roof will initially be a bright copper color and will slowly oxidize to a blue-green color similar to the Old Post Office and current Home State Bank building on the corner of Calhoun St. and Johnson St. It was determined that copper roofing is the best material for this purpose and requires the least maintenance compared to other options. The roof project is expected to be completed in late September. It is anticipated that the new weather-tight roof and cupola will serve the Old McHenry Courthouse for another 150 plus years with minimal maintenance.

City of Woodstock Meter Upgrade Program

The City of Woodstock has begun the process of upgrading all the meters in the City to enable them to be read using an automated system that relies on radio frequencies. Currently, the City has approximately 3,000 meters that are read through an outdated, labor-intensive, manually-read system. These new automated meters will significantly decrease the

time required to read all of the City's water meters along with increasing the accuracy.

This meter replacement project is estimated to take five (5) years to complete. When a meter is selected for replacement, a letter will be sent to the property owner or tenant requesting that an appointment be made. The process to change out the water meter usually takes less than thirty (30) minutes. For questions related to this program, please call the Finance Department at 815-338-4300.

Rating Upgrade

The City of Woodstock's credit rating issued by Standard and Poor's (S&P) on May 20, 2014 was upgraded from "AA-" to "AA." S&P cited the City's solid balance sheet along with strong management as reasons for the credit upgrade. The proximity to the City of Chicago allows the City to capitalize and promote economic diversity for

both commercial and industrial growth. With this upgrade it is expected that the City will be able to secure lower interest rates on future debt issuances.

Billing Changes to MDC Monthly Garbage Tote Service

Beginning in October 2014, the City of Woodstock will start to bill monthly garbage tote service directly on the City's water and sewer bill. Currently tote customers are receiving a bill directly from MDC Environmental Services. The last bill tote customers will receive from MDC will be in July 2014 that will provide service for the months of July, August, and September.

When the City begins billing in October, it will bill after the service is provided instead of prior as MDC has done. Also, since the City bills a third of the City in each water and sewer billing cycle, it will be necessary to partially bill some areas of the City. Below is the phase-in schedule:

The price for the monthly tote service billed on the water and sewer bill will be the same as it is now, \$23.00 per month. It is important to remember that these changes will only affect individuals who have signed up for monthly tote service. The garbage sticker program along with the yard waste sticker program, in which residents place a sticker on each bag, will continue as it has in the past.

ACCOUNT NUMBER BEGINS WITH	FIRST BILL DATE	# OF MONTH(S) BILLED	AMOUNT OF CHARGE
01	November 2014	1	\$23.00
02	December 2014	2	\$46.00
03	January 2015	3	\$69.00

CHANGE TO CITY CODE

At the July 15th meeting, the City Council adopted a few changes to the City Code related to water and sewer services. All of these changes can be categorized into one of three categories: corrections and clarifications; the billing of monthly garbage tote service; and procedures and fees related to delinquent accounts. The corrections and clarifications relate to installation and repairs of water meters along with multi-unit water usage. Neither of these changes have an impact on rates or costs to City residents. Another clarification was a section added requiring that final water and sewer bills be paid at or prior to property closings. This had always been required as a procedure, but had not been included in the City Code.

As was stated in the article entitled "Billing Changes to MDC Monthly Garbage Tote Service" contained on page 52 of the City Scene, the City of Woodstock is going to begin billing for monthly garbage tote service on the water and sewer bill. Therefore, the City was modified to establish the cost, which will be the same as the current MDC charges; the order in which payments are applied; and the ability to accept deposits at the request of landlords.

The last set of changes deals with delinquent accounts. A fee of \$25 was added to the accounts of customers who wait until a Public Works employee is at their premises and then requests that the City not shut off their water in exchange for paying their bill immediately at City Hall. Also, when an account is shut off for non-payment, a minimum bill will continue. This minimum fee covers the overall infrastructure of the water and sewer system and should be paid by all customers. The City will also now require that owners release their own liens that were placed on properties for nonpayment, which the City had done in the past but was found to be overly burdensome.

DEPARTMENT OF PUBLIC WORKS STREET MAINTENANCE AND RESURFACING PROJECT

The annual Street Maintenance and Resurfacing Program is one of the most important projects the City undertakes each year to continue to provide a quality street system for the City's residents. The provision of an adequate system of roadways is a basic function of municipalities as it directly impacts the livability and economic development of the community. A significant amount of time and effort is expended to identify, evaluate, and prioritize all of the roadwork needs throughout the community.

On July 15, 2014 the Woodstock City Council approved the low bid of \$808,978.00 from Geske and Sons, Inc. for the 2014 Street Maintenance and Resurfacing Program. The revenue for this year's program is derived from a combination of Motor Fuel Tax (MFT) funds, Tax Increment Financing (TIF) funds and General Capital Improvement Program (CIP) funds.

The work includes concrete curb and gutter removal and replacement, pavement patching, milling, repairs to the road base and resurfacing with bituminous hot mix asphalt. When completed, a total of approximately 1.94 miles of roadway will be resurfaced. Work is scheduled to begin in August and will be completed by early October, weather permitting. The newly paved streets will then be re-stripped as part of the 2014 re-stripping program which should be completed by the end of October.

Streets that are scheduled for resurfacing and maintenance as part of the 2014 Street Resurfacing Program are as follows:

LEAF COLLECTION

The Department of Public Works collects bulk leaves curbside during a four-week period in the fall. Although we cannot guarantee that each and every leaf will be collected during this time, we do collect the

majority of leaves. Residents are asked to rake loose leaves to the parkway for collection but should **NOT** rake leaves into the street. Leaves that have been raked into the street can plug storm sewer intakes and cause unnecessary flooding during rain events. Leaf collection will begin on Monday, October 27 and, **weather permitting**, will include the following schedule:

MONDAY, OCTOBER 27

Leaves will be collected from all streets north of the railroad tracks during the week of October 27. Residents in this area must have their leaves raked to the parkway by 7:00 a.m. on Monday, October 27.

MONDAY, NOVEMBER 3

Leaves will be collected from all streets south of the railroad tracks during the week of November 3. Residents in this area must have their leaves raked to the parkway by 7:00 a.m. on Monday, November 3.

MONDAY, NOVEMBER 10

Weather permitting, the final collection from all streets north of the railroad tracks will be made during the week of November 10. Residents in this area must have their leaves raked to the parkway by 7:00 a.m. on Monday, November 10.

MONDAY, NOVEMBER 17

Weather permitting, the final collection from all streets south of the railroad tracks will be made during the week of November 17. Residents in this area must have their leaves raked to the parkway by 7:00 a.m. on Monday, November 17.

If you would like the City to collect leaves at your property, it is very important that you have the leaves raked to the parkway on these specific dates. **NO VEHICLES SHOULD BE PARKED ON THE STREET WITHIN TWENTY (20) FEET OF ANY LEAF PILE.** Residents who prefer to bag their leaves for collection may call the Public Works office at 815-338-6118 to request pickup of bagged leaves. Leaves must be placed in paper bags only. The bulk collection of leaves along state highways can be dangerous for the leaf collection crews, and residents along Route 47 and Route 120 are encouraged to bag their leaves and phone the Public Works Office to arrange for collection. This, however, is only a request and is not mandatory.

Once the scheduled bulk collection is completed, there is a possibility that the Department of Public Works will continue to collect bagged leaves the following week. Contact the Department for more information.

Emerald Ash Borer (EAB)

The Emerald Ash Borer is an Asian beetle that was first found in the USA in 2002, and was found in Illinois in 2006.

It's been determined that the beetle's larvae cause the majority of damage to Ash trees as they nibble on the tree's inner bark, which carries nutrients and water through-out the tree. When a tree is infected with EAB, you may first notice the tree's crown or canopy dying. Also, new branches may begin to sprout from the tree's trunk and lower branches.

Unfortunately, many of the Ash trees in Woodstock are infested with EAB and are in a stage of decline. The City will continue to respond to calls for inspection and maintenance of Ash trees, as well as all trees that need attention.

If you believe you have an Ash tree that could be infested with EAB, don't hesitate to call the City's Department of Public Works, 815-338-6118, to request an inspection from the City's Arborist.

You can find additional information regarding firewood regulations and EAB treatment on the Illinois Department of Agriculture's EAB website: <http://www.agr.state.il.us/eab/>

HYDRANT FLUSHING

The fall hydrant flushing has been scheduled for:

Tuesday, September 2 through Wednesday, September 10 – west of Illinois Route 47
Thursday, September 11 through Friday, September 19 – east of Illinois Route 47

There is no scheduled hydrant flushing on Saturdays or Sundays.

During these three weeks, some loss of pressure and discoloration of water will occur. This condition will not present any health hazard and will only be temporary. Due to this discoloration, residents are urged to check their water quality prior to doing laundry and to avoid doing any laundry when hydrants will be flushed in your area. If you have any questions regarding the hydrant flushing, or when flushing will occur in your neighborhood, please contact the Department of Public Works at 815.338.6118, or via e-mail at pwdept@woodstockil.gov.
